Terry Jones, Terry Gilliam, Michael Palin, Eric Idle, John Clees Graham Chapman : Monty Python and the Holy Grail (BOOK!) before purchasing it in order to gage whether or not it would be worth my time, and all praised Monty Python and the Holy Grail (BOOK!):

0 of 0 people found the following review helpful. Five StarsBy Batmango66Its Monty Python, how can you go wrong? Seller shipped fast!!0 of 0 people found the following review helpful. Blast from the pastBy Frank LowtherI've been looking for a copy of this scriptbook since a friend of mine in high school had one back in the 1970s. It's hilarious, and includes a lot of material that never made it into the film- good stuff, too, like another run-in with the Bridge Keeper, not to mention the original present-day version that would have offended even more folks.This used copy was in remarkable shape (at least as good as the one I read over 30 years ago) and was signed by Graham Chapman. Unless that's a fake.1 of 1 people found the following review helpful. Gift for the Fiance'!By Alexis M. KahlerThis was a present to my fiance' since he LOVES all things Monty Python and this is one of his favorite movies. Has the original script with original markings as they edited the script for the movie. Awesome book. Same book as what's in the guy's hand in a show as they revisited the places around England that they used in the movie. =)

Monty Python is the most influential comedy team of our time. Thirty years on from their first television series their work still provokes laughter and confusion throughout the world. Join King Arthur, Sir Galahad, Sir Lancelot and

brave Sir Robin on their holy quest from 1974.
