Graham Chapman, Monty Python, Michael Palin, Eric Idle, Terry Jones, John Cleese : Monty Python's Big Red Book before purchasing it in order to gage whether or not it would be worth my time, and all praised Monty Python's Big Red Book:

0 of 0 people found the following review helpful. Would Buy From Again!By JessicaGreat collectible book! It arrived in good time and the person receiving it was happy with the quality.1 of 1 people found the following review helpful. Five StarsBy Gabriel SternWell, fellas, IT IS the Monty Pythons, after all, what can be added to that?0 of 0 people found the following review helpful. Let's Play Blackmail!By Stephen MannFrom the title, riffing on Chairman Mao's Little Red Book (which had at that time found its way into the hands of the nations youth and was causing great concern) through the various bits pieces inside, mainly art-based gags, a wonderful slice of the early 70s subversive comedy zeitgeist.Or something.It's a fun but quite short ride from cover to cover. If you can find a hardback version at an affordable price I'd go for that rather than the paperback, which was all they had available by the time I got round to

acquiring it new sometime around '74 or '75. The contents are pulled from the various sketches they did in the first shows. A blatant attempt to cash-in. My copy has a plastic baggie taped inside the back cover containing the promotional flimsy 45 rpm "Monty Python's Tiny Black Round Thing" - a freebie given away with the New Musical Express made up of extracts from "Live At Drury Lane" intercut with new material added by Michael Palin. You should bid aggressively on it when I keel over and my family auctions off my crap because the recording is hysterically funny and you won't find it inside anyone else's secondhand copy. Until then, buy this book. More of the same: The Brand New Monty Python Bok Bert Feggs Nasty Book for Boys and Girls And for something completely different: Clowns on the Road

Not that big...or particularly red. Pages of silliness based on the original television series.
