By BusyBeeMr. Boatwright has a clear and level-headed approach to his examination of movies. His religious orientation did not bias his grasp of what makes a movie great, poor, or bad. His writing style is easy to follow, and his depth of understanding makes movie analysis agreeable reading. He is able to sieve out the qualities of a movie, provide a meaningful reflection, and make recommendations. I have also enjoyed his other publications equally well. Hollywood needs more critics like him.

An incisive, often humorous revelation of the cinema's cultural impact. The book features secrets of the motion picture business and how to counter Hollywood's influence. Plus, DVD alternatives for each family member and how to help teens make wise movie choices.
