purchasing it in order to gauge whether or not it would be worth my time, and all praised Moving Image Knowledge and Access: The BUFVC Handbook:

The fourth edition of the British Universities Film Video Council's Handbook provides an invaluable guide to teachers, librarians, producers, researchers, e-learning specialists and everyone who uses audio-visual media in higher and further education. The handbook includes a directory of organizations and resources associated with education, film and video and the media, feature articles on issues such as online delivery of moving images and copyright, and a host of useful information on film and video formats, digital media, media legislation and much more.

About the Author Luke McKernan is Head of Information at the British Universities Film Video Council.
