Joan Cornell : Mox Nox before purchasing it in order to gage whether or not it would be worth my time, and all praised Mox Nox:

0 of 0 people found the following review helpful. MoxBy Dan Lipkejust the insanity that I hoped for.0 of 0 people found the following review helpful. Joan Cornellas surreal comic strips are a weirdgasm you may ...By fnord333Joan Cornellas surreal comic strips are a weirdgasm you may never recover from. I consider myself a connoisseur of the twisted, but even I was left wondering, What the hell was wrong with this person?Every frame is exquisite. Its humor at its darkest and art at its most hilarious.0 of 0 people found the following review helpful. Love the book's quality and great priceBy Mariah WThis was a Valentine's Day gift. I was really happy with the price and the overall quality. I'm a tactile person, so the paper texture is very important to me. This is a cool book for Joan Cornell fans or a nice surprise

for those who don't know him yet and are just fans of comic art.

This book collects the Spanish cartoonists twisted comics, which are popular on Facebook. Spanish cartoonist Joan Cornellas viciously funny Mox Nox single-page strips are wordless, full-color, hand-painted marvels of the form. That his visually inviting artwork is in the service of Cornellas graphic sense of humor/horror only heightens the appeal. Mox Nox is populated almost exclusively by smiling psychopaths who invariably turn even the most mundane situation into a side-splitting and cringe-inducing farce. Full-color illustrations throughout

Joan Cornella has created something undeniably and unsettlingly original in these pages. Few comics will make you feel quite so good about being made to feel quite so uncomfortable as Mox Nox. - Broken Frontier Spanish cartoonist Joan Cornellacombines black humor andextremediscomfort, most famously in his wordless, six-panel comics. Cornellas work deals in mutilation and disfigurement, sadistic or oblivious violence, the alienation of modernity and a total disregard for human life. His bookMox Noxis fantastic. - Amber Frost, Dangerous MindsHilarious and often horrifying. A deeply weird play on the readers expectations. - Rich Barrett, Mental FlossIts like if thePerry Bible Fellowshipdid shrooms. These strips are pretty messed up and ridiculous and absurd and nonsensical on their face. But when you dig into the logic that's clearly set up in each strip, they make perfect, perverse sense, and they're often INCREDIBLY funny. - Jim Dandeneau, Topless RobotCornella's graphic six-panel strips usually follow a certain routine: something awful occurs, somebody attempts to rectify it, a solution is settled upon, one which all seem to be happy with, but one that leaves things worse than when they started. It's gross and utterly nonsensical, the story-telling so tight, so visually smart. - Zainab Akhtar, Comics ColaAbout the AuthorJoan Cornell (b. 1981), is a Spanish cartoonist and illustrator.
