Shane Johnson : Mr. Scott's Guide To The Enterprise (STAR TREK) before purchasing it in order to gage whether or not it would be worth my time, and all praised Mr. Scott's Guide To The Enterprise (STAR TREK):

0 of 0 people found the following review helpful. Nostalgia for the true TrekkerBy Long term customerThis is a manual that describes the layout and some of the inner workings of the Enterprise. Did you ever wonder about certain things on board, like where are the toilets? Here are your answers. Did you ever wonder what the hundreds of crew people did in their leisure time, off duty? Here we see the recreation rooms, gym, even a pool and a kitchen to do some old fashioned cooking, should the mood strike. Otherwise you can just push a button and something like veal parmesan appears in 20 to 90 seconds.Along those lines, we learn that the Officer's mess offers a higher quality of food than the enlisted personnel.It's an egalitarian society, but not that egalitarian, even in the 23rd century.Great for those who like to pretend for a moment that it's real.0 of 0 people found the following review helpful. a very good book for a "Trekkie" even though if youBy Dave P.a very good book for a "Trekkie" even though if you watch for mistakes you can find some. All in all a good addition to my collection1 of 1 people found the following review helpful. Just a fun bookBy Buck from KansasAll of you Trekkers, oops, I meant Star Fleet Personnel, will enjoy this book. It shows the ins and outs of the Enterprise re-fit, then goes on to show the differences in the Enterprise-A. Sort of a nostalgic look at the future.

"Mr. Scott's Guide to the Enterprise" is the most accurate, in-depth look at the U.S.S. Enterprise NCC 1701A

available. The Enterprise is thoroughly examined, deck-by-deck in full, fascinating detail. By using dozens of blueprints, sketches, and photographs, the inner workings of a starship are revealed.
