Hilary Winston : My Boyfriend Wrote a Book About Me: And Other Stories I Shouldn't Share with Acquaintances, Coworkers, Taxi drivers, Assistants, Job Interviewers, ... and Ex/Current/Future Boyfriends but Have before purchasing it in order to gage whether or not it would be worth my time, and all praised My Boyfriend Wrote a Book About Me: And Other Stories I Shouldn't Share with Acquaintances, Coworkers, Taxi drivers, Assistants, Job Interviewers, ... and Ex/Current/Future Boyfriends but Have:

1 of 1 people found the following review helpful. Real life stories that will make you cringe and laugh. By amy jackson I'm writing this after just closing the book. Number one. Epilogue made me cry. Having 2 cats myself, I dread the day I have go through the same thing. Number two. I adore this book so much. This is a piece of humor similar to my life. I connected to many of these stories because similar things have happened to me. (I wrote about my dating experiences as well). I admire Hilary for her honest view of life and love. I hope she finds peace in herself and can learn to love again. (And get another kitty). This book will make you cringe from her experiences and laugh along with her. Relatable for any girl who has ever dated. Quick but very funny tales of a twenty something navigating life and love and kitty pee. I aspire to write something similar to this. Kudos Hilary! 2 of 2 people found the following review helpful. Relatable and Incredibly hilarious!!!! By OMGITSKERBS this book had about every other aspect every girl goes by in her life it was hilarious, sassy, pathetic, mean, sad, depressing, amusing but nonetheless indredibly Funny and Chad Kroeger can really kiss Hilary's Butt because i also read his book and it was mere crap, Hilary's book is relatable for every girl who's had her ups and downs (and even more downs) it always kept me laughing at night or by myself i deff recommend it to any girl who likes a good real story 0 of 0 people found the following review helpful. Funny, relatable, sad-but-true By Lacey J. I couldn't put it down. Hilary Winston is an amazing writer who every girl today should be able to relate to. Her stories are embarrassing and maybe they share a little too much detail, but they draw you in and cause one of the greatest laughs I've had in a while. It feels like girlfriends talking over coffee or a walk they promised they'd do every morning but it actually only happens once a month when they both feel fat and gross. By the end of the book I felt like Hilary and I were best friends, I related to her, felt sorry for her, and most of all hated her ex as much as she did. Seriously, too many baths.

TV writer Hilary Winston offers up a witty collection of autobiographical tales about her misadventures in dating. Just when she feels she's getting her life together, Hilary discovers that her ex has written a novel about their relationship in which he calls her the fat-assed girlfriend. Her response to this affront is just one of the stories in this deliciously funny, laugh-out-loud, tell-all, newly available in paper.

"Winston's memoir is funny, sensitive, and in the end accomplishes what her ex-boyfriend's novel never could-- brazenly tell a story of their relationship destined for the nonfiction shelves." --Booklist
