**Chelsea Handler : My Horizontal Life: A Collection of One Night Stands** before purchasing it in order to gauge whether or not it would be worth my time, and all praised My Horizontal Life: A Collection of One Night Stands:

5 of 5 people found the following review helpful. Five Stars By Lacey K Chelsea Handler is hilarious. And so is her book. Each chapter tells the story of an adventure in Chelsea's life. The woman is sarcastic, authentic, funny - I would

love to hang out with her. Just seems like she would be your absolute ride or die amiga. Highly recommend this book. Watched her new series on Netflix right after I finished reading it - that was hilarious too. Can't go wrong, do yourself a favor and buy this for yourself or for anyone who enjoys snarky tales. 0 of 0 people found the following review helpful. Sense of Humor Required By JD Funny while also pretty disturbing in quite a few areas, I found this to be enjoyable light reading. Good for beach, pool, soaking in the bath. Buy the less-expensive used copy (it's one of those books you don't really re-read) and then pass it to a girlfriend with a similar sense of humor. It definitely helps if you already enjoy Chelsea Handler's type of comedy, otherwise you probably won't like this book much. The writing is just like one gal-pal talking to another, Chelsea doesn't take herself (or anyone) too seriously which is quite refreshing. Very candid about sex and sexual situations but not vulgar enough to make a woman of the modern world blush. 2 of 2 people found the following review helpful. Do NOT waste your money! By Customer I have watched Chelsea Lately for a while, had a flight and thought I'd get some light reading. I couldn't have been more disappointed. With a title like, "My Horizontal Life" I was expecting fun/funny detailed stories. I was so bored. Every story's the same: she gets drunk gets together with someone. Sometimes there's sex, sometimes there's not but there's never any detail. The stories aren't even amusing and they aren't well written either. The only thing that impressed me is Chelsea's willingness to share her failures with her fans. I can't even recommend borrowing this book from the library.

Handler chronicles what can happen to one very intoxicated, outgoing woman during one night of passion-- repeated over and over with lots and lots of men.

From Publishers Weekly Opening with a cute story from when she was seven and photographed her parents having sex, stand-up comedian Handler goes on to discuss the virtues of the one-night stand, which amount to having sex early enough so you're not months into a relationship before you discover he's into "anal beads and duct tape." She discusses her quest for sex with a "black man," which doesn't work out because the date she finds on ChocolateSingles.com has a penis so large, she "would have had to be the size of the Lincoln Tunnel to accommodate that thing." After him, there's a "little midget," but she sobers up before sleeping with him. Next come a number of would-be partners with penises too small to consider. Finally, there's a guy Handler does sleep with, only an embarrassing incident involving a "giant skid mark" prevents her from seeing him again. By the end, Handler considers settling down with one man, which might actually net her more sex than these mostly unconsummated one-night stands. Anyone who laughs at the mere mention of vaginas and penises may find Handler's book almost as much fun as getting drunk and waking up in some stranger's bed. These are some of the funniest stories I have ever read and they're also some of the most unexpectedly heartfelt." ---Laura Zigman, author of *Animal Husbandry* About the Author Chelsea Handler is the star of her own late-night talk show on E!, *Chelsea Lately*, and E!'s comedy series *After Lately*, as well as the #1 bestselling author of *Chelsea Bang Bang*; *Are You There, Vodka? It's Me, Chelsea*; and *My Horizontal Life*.
