Rachel Corrie : My Name is Rachel Corrie (Nick Hern Book) before purchasing it in order to gage whether or not it would be worth my time, and all praised My Name is Rachel Corrie (Nick Hern Book):

0 of 0 people found the following review helpful. okayBy Philomena MagnanimousI was really looking forward to reading this. But relying so stringently on her writings may give you the chance to see the character of Rachel, but very little in it really gets into the meat of why she went and what happened to her once she got there - there was some of that but not enough. I wonder about its value as a work of drama.0 of 0 people found the following review helpful.

Food for thought
By Jennie Harrison
This book is an amazing account of how a young person comes to terms with violence and injustice. It teaches us that if we all had her courage and determination, this world could and would be a better place.
0 of 0 people found the following review helpful. Gripping, tragic, almost absurdist if it wasn't real
By Rachel Dilliplane
Completely relevant to the current world (sadly). An incredibly edited memoir unwittingly penned by the victim of international violence met by nonviolent resistance.

A deeply moving personal testimony... Theatre can't change the world. But what it can do, when it's as good as this, is to send us out enriched by other people's passionate concern.
Guardian
Intensely topical account of the life and early death of a young female activist
adapted from her own writings and published alongside the premiere.

Stunning... Theatre can't change the world. But what it can do, when it's as good as this, is to send us out enriched by other people's passionate concern. Guardian. Deeply moving. Independent. Extraordinary power. Time Out.
About the Author
Rachel Corrie was born in 1979 into a middle-class family in Olympia, Washington. She became politically active on what she called 'anti-war/global justice issues', which homed in on US support for Israel against the Palestinians.
