Brandy House : 'Net Wit: Internet Laughs before purchasing it in order to gage whether or not it would be worth my time, and all praised 'Net Wit: Internet Laughs:

'Net Wit is my compilation of jokes and short stories I have received in e-mail. There are some that I have given the writer their dues, most no one 'claimed' but have been around awhile. I thought people would like to have them in print, especially those without e-mail.

About the Author I am a self published writer of a variety of books, poetry and short stories. I am also an artist with painting on my own website, cougar design, and being offered by got-art.us. I have minimal formal training in either, creative writing in high school, and art classes in same. So I am self taught in both writing and art. I began in the southwestern US and am now in the North Carolina area.
