Gary Oldman : Nil by Mouth before purchasing it in order to gage whether or not it would be worth my time, and all praised Nil by Mouth:

0 of 0 people found the following review helpful. Nil by MouthBy CustomerLooking forward to seeing the movie16 of 17 people found the following review helpful. Raw, Honest, and RealBy A CustomerRaw, honest and bravely realistic. Sometimes the truth is tough to take and squeamish people will shy away from it. Mr. Oldman unflinchingly tells his mesmerizing, gritty tale of working class life in London in the best way he knows from his own experiences living there, the book is written in screenplay format and is an excellent companion to the movie.5 of 5 people found the following review helpful. He has gotta be a geniusBy A CustomerHow well has Mr. Gary Oldman depicted the usual day to day life of many families in South London. It is such an honest and truthful account, a real eye opener to the many who have no inkling about how hard and horrendous life for the working class in London can be. And how we just manage to get by and through, accepting the way things are. It is just an absolutley beautiful book, so very moving.
