books to better improve my craps game. This was the best book purchased. It's around 500 pages, and offers the most insight into all aspects of playing craps. This is an Advanced book though and if you're new to craps, get a more basic book to start. Be warned that Patrick uses sarcastic anecdotes, but the wit is meant to drive home his key points. Also recommended, "Craps: The Real Deal" by Vogel and Edell's "How to Make Your Living Playing Craps." 0 of 0 people found the following review helpful. Roll 'em !!!!By CarlTheTexanGet this book if you want to even stand a chance0 of 0 people found the following review helpful. Good, sound advice.By Lucia MarcelaThis is the first book I have read on casino gambling. I am a novice gambler and I found John Patrick's advice to be solid and sound. He wants you to make smart decisions and not expect miracles. There are no gimmicks, no empty promises. He has little tolerance for a loser mentality and is uncompromising on what he thinks is the right or wrong way to go. I will continue to go back to the book as I play more and more because there are many different strategies and I can only absorb and put into practice so much information at once. I just got back from Vegas and I cannot report that I came home with more money than I left with, but I did go there with some parameters to begin playing with and enough confidence to step up to the craps table. Hopefully the dice will be hotter during my next outing.

This Blackjack book is a basic look at the most popular game in the casino. Currently in its 11th printing, the Money Management and Disciplines principles, outlined in detail, give the average player an excellent chance to compete sensibly at this table game. Ith book covers Basic Strategy, betting procedures, and how to properly conduct yourself at the table. Like all my books, the emphasis is on the Money Management chapters and the reader is guided through the entire process of learning how to win.....

PATRICK HEADS LIST OF SEMINAR SPEAKERS.....For the second year in a row, John Patrick, one of the countrys most controversial teachers of casino games, will be headlining the list of Seminar Speakers at the Midwest Gaming Expo at the Chicago South Expo Center in Harvey Illinois. Last year, with a record turnout, Patrick charmed audiences with exerpts from his Blackjack book, and other gaming books that he presented. This writer can personally vouch for the fantastic amount of information given in his Blackjack book (Personally, the only game I play), My suggestion is to read this entertaining and enlightening version of the correct way to play Blackjack. -- Ron Koziel, Chicago HeraldAbout the AuthorJOHN PATRICK is a professional gambler, having been in casinos across the country since the 1960's. His ability to teach Money Management and methods of play have been gleaned through over 30 years at the tables. Besides being the host of his own TV show, he has appeared as guest lecturer on the subject of gambling on over 200 TV and Radio shows. His popularity in the world of gambling is based on his ability to teach ppeople HOW TO WIN.....
