Mozart's Sonatas for Pianoforte are published as part of ABRSM's 'Signature' Series - a series of authoritative performing editions of standard keyboard works, prepared from original sources by leading scholars. Includes informative introductions and performance notes.

An excellent collected edition of works, together with some thoughtful performance suggestions and refreshingly practical textual notes ... I would recommend this edition above all others * Musical Times * A highly recommended volume. * Music Teacher * The ABRSM edition is edited for students, with plenty of critical and interpretative notes and good advice about fingering, which is characteristic of almost all this publisher's editions. * Clavier *
