Wolfgang Amadeus Mozart : Sonatas, Phantasies Rondi I (Music Scores) before purchasing it in order to gage whether or not it would be worth my time, and all praised Sonatas, Phantasies Rondi I (Music Scores):

0 of 0 people found the following review helpful. Five Stars By Gerardo Mondragon Excellent item, bought used and it came with minimum damage. 0 of 0 people found the following review helpful. EXCELLENT By Andres Felipe Hurtado The book is well printed, big pages, the paper has good texture so u can turn over the pages in the middle of ur performance the fast as u can without rippin the pages off the book, besides, the book is so well organized that the notes at the end of each page are manage so well that let u do the perfect timing for turning the page without compromising the sonatas timing. Very good, Buy it. 0 of 15 people found the following review helpful. I hate Mozart (his keyboard works, anyway) By Boaz Fux First- this review is for both volumes of the Sonatas. Second- I have tried playing all of the Sonatas, the Fantasies and Rondos, and I found that I don't like Mozart very much. There is something that I just can't stand about his music. But the books themselves are quite good- good paper and good

printing, and the editor has done his job rather well. That's why the books get five stars, and the music only two, and that is only because of the one and only sonata which I really like- No. 12 in F major (K.332). So it comes out to 3.5 stars, and I think 3 is enough.

224pages. 31x23x2cm. Broch.
