From Rilting Music, Inc. : Sondheim For Singers - Soprano before purchasing it in order to gage whether or not it would be worth my time, and all praised Sondheim For Singers - Soprano:

1 of 1 people found the following review helpful. it is very useful to have these anthologies By Becca This is an interesting anthology. In each book, there are some songs that are specifically for that particular voice type, and others that have been transposed into a key suitable for that voice type. The number of original songs varies greatly based on the book--sopranos have fewer original songs versus transposed, but tenors have more original than transposed. There are also some songs that were originally duets that have been turned into solo songs. Read the song lists carefully. That being said, it is very useful to have these anthologies, rather than seeking songs in the original (and very expensive) scores. 0 of 0 people found the following review helpful. Sondheim rules! By Wsquared I am thrilled to possess this book by the master Sondheim. It came in perfect new condition, has a superb selection of songs. The shipping was

slower than usual, but it was worth the wait. 0 of 0 people found the following review helpful. Five Stars
