I have been playing drums for just under a month now and practice pretty regularly and most of these beats are super easy. Most of my trouble comes from playing living after midnight. The rest of the songs (other than some fills) should be no problem for a beginner. The book is well written and having the words above the notes makes it much easier to find your place if you get lost. It is a little annoying to have to flip the pages for every song but I don't know if page flipping could have been avoided altogether. Anyways, good songs, quality writing, good price.3 of 3 people found the following review helpful. I wish the book had a spiral binding-it would be easier to flip the pages. I never took any drums lesson and this is a great way to start especially if you can read the music.0 of 0 people found the following review helpful. Five StarsBy Customergreat
