She wanted to start playing it again, so I purchased a wooden recorder for her (The plastic ones are just obnoxious and sound like a cheap whistle). She is also a huge fan of anything Disney, so I thought this book would be a fun way to get her back up to speed. I assumed from the description that it was geared towards younger kids, but I thought it would assist her in practicing a little, to remember

the fingering, and at the same time be a lot of fun for her. This book has only PART of each of the songs it lists as having. For example, "Let it Go" has only from the middle of the first verse "Don't let them in, don't let them see"...to the end of the first chorus: "The cold never bothered me anyway." Hal Leonard usually has very good instructional books and sheet music. Very disappointed in this purchase. This is a book of excerpts of about 9 songs, nothing more. Don't waste your money. 1 of 1 people found the following review helpful. Five Stars By kimberlyWine made this purchase happen.
