before the end of the decade was a dumb idea. I'm sure in five years' time Hal Leonard will come out with a 2nd

edition that includes songs from the second half of the decade. But when I saw how many of my favorites were in this volume, I couldn't resist. Here's the full list of songs included: The A Team All About That Bass All of Me Animals Baby Bad Romance Blurred Lines Best Day of My Life Brave Breakeven Cruise Brighter Than the Sun Call Me Maybe Counting Stars Cups (When I'm Gone) Earned It (Fifty Shades of Grey) Empire State of Mind Ho Hey Firework Forget You Get Lucky Happy Hello Hey, Soul Sister Home The House That Built Me I Knew You Were Trouble I Will Wait Just a Kiss I Won't Give Up Jar of Hearts Just Give Me a Reason Just the Way You Are Lay Me Down Let It Go Mean Little Talks Moves Like Jagger Need You Now Paradise Radioactive Pompeii Problem Roar Rolling in the Deep Royals Say Something Secrets See You Again Shake It Off Shut Up and Dance A Sky Full of Stars Stronger (What Doesn't Kill You) Skyfall Some Nights Someone Like You Stay Stay with Me Superheroes Take Me to Church Thinking Out Loud Tonight Tonight A Thousand Years Too Close Wake Me Up! We Are Young What Makes You Beautiful Uptown Funk

1 of 1 people found the following review helpful. Unplayable cheap transposed music By James Cappuccio Songs have been transposed from their original keys to "easier" keys, melodies are written into the piano staffs even when the original work does not do so. This bastardizes the music and makes it unplayable. If they had just transposed the pieces and kept the melody in the vocal staff, that would've been fine, but the combination makes it very hard to play the song as intended by the artist which I'm sure will leave many piano players frustrated.

(Piano/Vocal/Guitar Songbook). The New Decade Series provides great synopses of the musical decades and lets you play the iconic songs along with optional orchestrated backing tracks that make you sound great! The audio is accessed online for download or streaming and features PLAYBACK+, a multi-functional audio player that allows you to slow down audio without changing pitch, set loop points, change keys, and pan left or right available exclusively from Hal Leonard.
