1 of 1 people found the following review helpful. Great to have sample CD music using actual stringed instrumentsBy VickyI love this series for violin, the CD music is actual string quartet samples rather than the yucky midi files, dorky arrangements, or "elevator muzak" used in some instructional books. The music files are very helpful for developing your listening skills, intonation, and rhythm. I like how the skills are broken down, practiced, and blended with previous skills -- all demonstrated using stringed instruments! Finally!!0 of 0 people found the following review helpful. I like this method for students that have taken lessons on ...By KarenI like this method for students that have taken lessons on another instrument. The lessons move and the student is not bored.0 of 0 people found the following review helpful. Five StarsBy Jean M. DemingWe love this program.

Sound Innovations for String Orchestra is a revolutionary new method that combines time-tested educational concepts, input from thousands of teachers, and advances in modern technology. Using solid pedagogy that follows state and national music education standards, the methods can be customized by teachers to use their own experiences in creating the best approach for their unique classroom.
