Chris Pierson : Spirit of the Wind (Dragonlance Bridges of Time, Vol. 1) before purchasing it in order to gage whether or not it would be worth my time, and all praised Spirit of the Wind (Dragonlance Bridges of Time, Vol. 1):

4 of 5 people found the following review helpful. Amazing Read..By Dj ToastyI went into this book with eyes of the

skeptic, and I was wrong. I have never really gotten into "Riverwind", or "Goldmoon" for that matter, but in this book, I really warmed up to the character. The story was great, It didnt leave big holes, or you were never left wondering about things. I have already been a big fan of Mr. Pierson, and this was no let down. I really hope to see some more stories about Kronn, and Catt, the Kender Brother and Sister. In the past, I have found Kender to be, well, typical annoying Kender, but, in this story, I just wanted to go meet everyone of them, (Before I'd still empty my pockets out, I mean, they are still kender after all ;-)). So to sum up, READ THIS BOOK. -Dj Toasty0 of 0 people found the following review helpful. a freied goneBy Terry Z. I truly enjoyed the story although I hated to see the inmoavble RIVERWIND pass in this book. But he died a hero and on his terms, which is in his character. 4 of 4 people found the following review helpful. One of the best solo Dragonlance novelsBy LSBookLoverI have been a fan of Dragonlance for almost 15 years, having first read the original trilogy (Dragonlance Chronicles: Dragons of Autumn Twilight, Dragons of Winter Night, and Dragons of Spring Dawning) when I was around age 13. I remember staying up till dawn, unable to put the books down! Since then, the series has become rather popular, and dozens of novels set in the Dragonlance world have been written. While most of them are a fun read for adults, few of them are as well written and truly capture the spirit of the Dragonlance world as "Spirit of the Wind." While a popular series, Dragonlance is often criticized for being too contrived and simple for adult readers. So many authors have put their hands into creating the Dragonlance world, but many readers will agree that few have managed to capture the imagination as much as the original Chronicles. With this novel, however, Chris Pierson succeeded in doing so. It is assumed from the summary of the book that this novel tells the story of the last campaign of Riverwind, one of the original companions from Chronicles. What isn't assumed, however, is that Riverwind's death would be so beautifully written as to merit a ranking besides the deaths of Flint and Sturm (two beloved characters whose memorable deaths, written by the original authors Weis and Hickman, are often heralded as the most moving moments in Dragonlance literature). My hat is off to Mr. Pierson, who proved that not all Dragonlance novels are merely a "fun read," and for making an adult married woman feel like a 13-year-old again!

A year has passed since the Chaos War threatened Krynn. In the east, on the Dairly Plains, the hard-won peace is shattered by a new threat: the red dragon Malystrixx. The kender Kronn-alin Thistleknot travels to Abasasinia with his older sister Catt. Together they seek heroes to stop the dragon from destroying Kendermore. Riverwind, aging chieftain of the Que-Shu, answers the call. Accompanied by his beloved daughter Brightdawn, Riverwind sets out in his final quest to save the kender from Malys's wrath . . . and to find sense in a world abandoned by the gods. Chris Pierson's novel tells the stirring tale of the final quest of Riverwind, one of the original companions of the best-selling Dragonlance series.
