features. Because of that, this book doesn't show any added weapons and features. This book is good for people who just got this game, and try to figure out how to play and etc. But, if you are a regular splatoon player, and try to learn more about your weapons, features and etc, it is much better not to buy this book, but watch youtube channels for splatoon players.

By T. Stanley McGinnis
I've bought many of these Prima Guides over the years, and have always enjoyed them. The images and colors are superb, and the information is insightful. However this book is horribly inaccurate due to being out of date. Typically Prima Guides are available at the time of the game launch. That really hurts this guide as Nintendo launched the game in a mostly incomplete state. At the time of this review, there have been at least 12 updates to the game, perhaps as many as 20. For instance the book has 2 only game modes, within 4 months of release, Nintendo added 3 more modes. This book illustrates 3 multiplayer stages, right now there are 10. I would ordinarily forgive these issues, but the guide contains a website code and verbiage that says directly that you can get the latest information on the Prima Guides website. After signing up my personal information and setting up an account, my son and I were disappointed to find the same information in the online PDF as the printed book.

By Erik
I like having physical manuals and strategy guides for certain games. The Splatoon Prima Official Game Guide fits the bill. The Splatoon Prima Game Guide is a great way to access Splatoon knowledge. The guide contains Maps, Strategies (Single and Online), and artwork in a spectacular convenient guide. Nice layout, too.

The Splatoon Strategy Guide includes:
All Stages Covered
Maps and strategies help you find each collectible, splatter all the octopi, and defeat each boss.
Multiplayer Details
Strategies from Splatoon experts will give you the edge in online battles by showing you the best ways to cover arenas with ink.
All About amiibo
Full details on the unlocks that are included with each Splatoon amiibo.
Concept Art
Get a behind the scenes look at early concept art for Splatoon to see how it went from the drawing board to what it is today.
