Robb Pearlman : Spoiler Alert: Bruce Willis Is Dead And 399 More Endings From Movies, Tv, Books, And Life before purchasing it in order to gage whether or not it would be worth my time, and all praised Spoiler Alert: Bruce Willis Is Dead And 399 More Endings From Movies, Tv, Books, And Life:

0 of 0 people found the following review helpful. SPOILER ALERT: You'll laugh, you'll learn, you'll be spoiled. . .and beg for more!By DAVID P. ROSENWith rapier wit, Robb Pearlman delivers page after page of erudite (and rapaciously ruinous) fun. Think: Oscar Wilde meets Sue Sylvester--and you get the range of hilarity toppling countless cultural touchstones to be found herein. Perfect for sparking lively party banter, if you dare. More, more, more, please.0 of 0 people found the following review helpful. So fun!By Snowy Day ReaderGave to coworkers and family as a holiday gift...still getting "LOL" emails on spoilers they are discovering in this gem of a book.1 of 1 people found the following review helpful. At last!By E. "Bucko" SmithSpoiler Alert explained everything that I never understood, from the ending of The Shining to why I fear Christmas. All those obscure and too-dumb-to-be-true movie plots that

snared me in their tangled webs...all those slightly dispiriting books I had to read in junior high... all past, present, and future relationship issues... Holy cow. Spoiler Alert's one-liners point to the inescapable fact that *spoiler alert* they're all connected.

Delayed gratification is good, but instant gratification is faster. In today's world of short attention spans and long Netflix queues, we're constantly jonesing for new, now, next. All of the spoilers of this succinct, informative, and amusing collection come from classic movies, shows, and books that everyone knows or needs to know. Here is the perfect book for everyone who reads the last page of a book first.

"An awesome book for all us pop culture geeks."
