Martin Toseland, Simon Toseland : Sportographica before purchasing it in order to gauge whether or not it would be worth my time, and all praised Sportographica:

1 of 1 people found the following review helpful. The graphics were interesting. By Kevin Geddes The graphics were nice, the topics could have been more interesting. Most of what was explained was already known to this reader. Anyone who follows most sports would know these facts. They are just presented in picture form. The graphics seemed a little simple for my taste.

The world of sport in 101 quirky and amusing infographics. From the authors of Infographica comes a quirky,

irreverent, and informative guide to the most important milestones of sports history. Covering a range of topics from the earliest Olympic sports to the fastest knock-outs in boxing world fights. With 101 clever and comprehensive sports illustrations that help readers visualize information in a new and exciting way, Sportographica is the perfect gift for sports trivia buffs with a sense of humor.

"We like this one! I was surprised that MLB has never had a single seven-footer, given that it would be pretty advantageous for pitching and wouldn't come with any real mobility downsides (as it would in a sport like hockey). Plus, any graphic that gets you googling Edouard Beaupre is a good graphic." Deadspin

About the Author: Martin and Simon Toseland are brothers who have written books both together and separately. Together they have written 365 Everyday Games and Pastimes and completed ghost-writing projects with celebrities including James May, Oz Clarke and Neil Morrissey. Martin Toseland is the author of A Steroid Hit the Earth: A Celebration of Misprints, Typos and Other Howlers and The Ants Are My Friends: Misheard Lyrics, Malapropisms, Eggcorns and Other Linguistic Gaffes.
