**Dalmation Press : Star Sudoku 3-pak (Total of 900 Puzzles, Level 3, Not-so-easy; Level 5, Very Hard; Level 6, Extreme)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Star Sudoku 3-pak (Total of 900 Puzzles, Level 3, Not-so-easy; Level 5, Very Hard; Level 6, Extreme):

1 of 1 people found the following review helpful. It's a ripoff, but what can you do! Do you have a choice?By David A. JohnsonI bought this 3-Pack puzzle books, which contained levels 3, 5, 6, at the same time I bought their single level 4 puzzle book.. Why couldn't they include the level 4 book either in a 4-Pack of puzzles or with levels 5 6? Because it's a money grab! They know you want level 5 6 but, rather than include the level 4 book with the others, they include a worthless level 3 book which, if you're doing level 4, 5, 6, you don't really need unless you want to pass it on to someone else. The books themselves have two small print puzzles per page with NO room for notation which, as far as I'm concerned, is mandatory at this level of play. I've made myself larger sheets and transfer the puzzles to my sheets, but this would have been unnecessary had they printed one puzzle per page. But then they couldn't have included the "300 puzzles" sales point. It's all about the money as is so often the case. Well put together books, but the philosophy behind their sale is questionable. They're overpriced, but in line with what everyone else is charging. Advanced level Sudoku play evidently comes at a price.1 of 1 people found the following review helpful. sudokuBy Rhonda L. DircksI have had these before and really enjoyed the challenge these offered me. We go to our cabin in the summer and do not have access to a TV so these are great.2 of 2 people found the following review helpful. An

intelligent Sudoku By P. Chang I love it! I've been doing Sudoku for over 4 years, the Star Sudoku is the best among what I have so far. What I like it the most is that this publisher made it into 6 books (6 levels). Unlike most of other Sudoku, that contains all levels of the game, I ended up doing only one third of it. Thanks to the saler, I got it quickly and fairly.
