David Knight : Star Wars Battlefront: Prima Official Game Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised Star Wars Battlefront: Prima Official Game Guide:

2 of 2 people found the following review helpful. For online play onlyBy J. DuskaThis book gives information for online or multi-player gaming. For offline, single-player mode, it's of limited use at best. The strategies and tactics outlined here require many different units under player control, something not possible in single-player play; you have to line this ridge with snipers, put some shock troopers in that hollow over there and then lead a squad of Dark Troopers on an assault against such-and-such command post, or whatever. This sort of thing requires that all these soldiers be under player control, which means one soldier per player -- a multi-player online game. In a single-player game you'll have complete control over one soldier, with very limited control over no more that two or three others. In such a situation, the strategies and tactics in this book cannot be made to work. If you'll be playing in online games, great. If not, there isn't much here for you.I can't get involved in online play and so the book is almost worthless to me. It did fill me in on some things I did not know; as one reviewer has pointed out, the manual for the game is skimpy.

This book fills in some, if not all, of the gaps.0 of 0 people found the following review helpful. Five StarsBy Rod Barrongood1 of 1 people found the following review helpful. Official Game Guide is wonderfulBy Betsy McFarland HallPacked full of great information....my boys (ages 10 and 18) love it!So glad we bought it! A lot for the money!

Fight the Classic Star Wars Battles any Way You Want To.
