Although the game is considered "old" by gamers standards, I still enjoy reading all the strategies from cover to cover.0 of 2 people found the following review helpful. Good but....By LukeThe book is great on the maps but there is a typo on page 111. It states " Just as he is about done, you face another enemy: Trandoshan elites." I'm not sure if it's my book or what, but there is no such thing as Trandoshan elites in Republic Commando. But what you DO face are Geonosian elites, and yes there are those guys in the game. Overall I would buy the book. Everything else is very accurate and detailed.
