From Hal Leonard : Star Wars - Ukulele before purchasing it in order to gauge whether or not it would be worth my time, and all praised Star Wars - Ukulele:

Great for anyone who loves playing the melody line on a ukulele By Lee Taylor I love playing the melody line with my tenor ukulele, so this book is perfect. I've marked it down one star only because most of the arrangements are rather simple; I would like a little more chord melody flair. I'm also marking it down because they left out "Anakin's Theme," which has a beautiful melody (even though "The Phantom

Menace" movie isn't highly regarded).0 of 0 people found the following review helpful. Five StarsBy AnonymousEasy and fun... highly recommend :)
