the following review helpful. age 9-16 who like to take little quizzes and read triviaBy LaurenSeems age appropriate for young boys, age 9-16 who like to take little quizzes and read trivia. Got it for my 16 year old brother who loves sports books and the Steelers. Is less of a boring read, more of a memorize and quiz me type book, which is why I'd say it's for a younger age group. Good condition and good price. Arrived on time.

Interspersing exciting history and fun quizzes, this trivia book ranges from basic facts to challenges that will teach even the most die-hard fans a thing or two about Pittsburgh Steelers football. The facts presented are grouped into such categories as famous firsts, stadiums, records, quotes, postseason runs, jersey numbers, drafts/trades and, of course, the players and coaches. Entertaining and educational, the book is ideal for both solitary instruction and group game play.
