Good declarer playing depends on clear thinking and attention to detail. This book answers all the questions the declarer needs to ask - and solve - at the table. The book adopts a step-by-step approach which has been developed over years in teaching weekends and bridge cruises. It takes the reader through 60 hands of progressive difficulty and is designed so that any intermediate player who works systematically through the hands - whether at home, in the club or in a tournament - will be rewarded by a dramatic improvement in his/her standard of play. The book includes a full index which lists all the techniques illustrated in the hands.
