Edna Mae Burnam : Step by Step Piano Course - Book 1 (Step by Step (Hal Leonard)) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Step by Step Piano Course - Book 1 (Step by Step (Hal Leonard)):

20 of 20 people found the following review helpful. Still the best By D. McGowen I used these books when I took started piano in the early 80's. When I started teaching my daughter, I looked at many other books but ultimately came back to these because when it comes to teaching note reading, you can't beat these. You start off from day one playing by reading the notes (as opposed to hand position or finger number). I am starting several other students off with these books as well. Love them! 0 of 0 people found the following review helpful. Five Stars By annR Perfect! My granddaughter is progressing nicely with this book accompanied by a friend who is helping her. 0 of 0 people found the following review helpful. Five Stars By Phil Johnston This is an excellent first book on learning how to play the piano.

(Willis). This piano course provides the student the opportunity to experience the joy of playing while learning the rudiments of music in a logical order, with gradual and steady progress, presenting a challenge toward increasing pianistic facility.
