Interesting picking patterns for me but definitely doable. Some of the tunes are clawhammer which I like because I clawhammer too. I find the tunes catching and fun to play. Still working on some of them. Recommended 3 of 3 people found the following review helpful. One of the best tab books out there, for an amazing album By Will Klinger I fell in love with The Crow when I first heard it, and was blown away by Steve Martin's talent on the banjo. It's such a modern-sounding and accessible album and easily the most enjoyable I've

heard in a while. As soon as I heard "Saga of the Old West" I knew I had to learn how to play it. After two days with this book I'm well on my way to mastering the first section of that song, and I've only been playing the banjo since August (although I do play the guitar). The tabs are clearly laid out with easy-to-read indications of which fingers to pick with, exactly where the hammers and pull-offs are, and which section of the song you are playing. There are many different styles included in the book as well. It's even better that Steve was involved with the book and includes his personal comments and tips for the tabs (e.g. "...which is how I play it..."). Overall, this book is very easy to understand and a great way to further appreciate Steve's more contemporary musicianship! 0 of 0 people found the following review helpful. Steve Martin banjo tab books By Brad Hutchinson I purchased both banjo tab books (Rare Bird Alert and The Crow) and am very pleased with the purchase. They're well written and provide personal comments on playing each of the songs. To someone learning to play the banjo, it has been very valuable. The tab notation really bridges the gap for me too, since I can't read sheet music.

(Homespun Tapes). Steve Martin is a comedian, novelist, screenwriter, actor and many other things, but his first love is the banjo. His recent hit CD, *The Crow*, features 15 original tunes in both clawhammer and Scruggs style. This book of tablature, accurately transcribed by Tony Trischka, is a great learning tool for aspiring players. Also includes an introduction and tuning notes from Tony. Contents: Daddy Played the Banjo * Pitkin County Turnaround * Hoedown at Alice's * Late for School * Tin Roof * Words Unspoken * Pretty Flowers * Wally on the Run * Freddie's Lilt * Saga of the Old West * Clawhammer Medley * Calico Train * Banana Banjo * Blue River Waltz * The Crow.
