**Pieter C. van den Toorn, John McGinness : Stravinsky and the Russian Period: Sound and Legacy of a Musical Idiom (Music since 1900)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Stravinsky and the Russian Period: Sound and Legacy of a Musical Idiom (Music since 1900):

Van den Toorn and McGinness take a fresh look at the dynamics of Stravinsky's musical style from a variety of analytical, critical and aesthetic angles. Starting with processes of juxtaposition and stratification, the book offers an in-depth analysis of works such as *The Rite of Spring*, *Les Noces* and *Renard*. Characteristic features of style, melody and harmony are traced to rhythmic forces, including those of metrical displacement. Along with Stravinsky's formalist aesthetics, the strict performing style he favoured is also traced to rhythmic factors, thus reversing the direction of the traditional causal relationship. Here, aesthetic belief and performance practice are seen as flowing directly from the musical invention. The book provides a counter-argument to the criticism and aesthetics of T. W. Adorno and Richard Taruskin, and will appeal to composers, critics and performers as well as scholars of Stravinsky's music.

"Van den Toorn and McGinness trace the path of their study from the "repetitive patterns, layered structures, and modal harmonies of Stravinsky's Russian-period" by means of major elite compositions, such as *Les Noces*, *Symphony of Psalms*, and *Three Pieces for String Quartet* along with populist elements in *les Noces* and *The Soldier's Tale*. --Choice

About the Author Pieter C. van den Toorn is Professor of Music at the University of California, Santa Barbara. He is the author of *The Music of Igor Stravinsky* (1983), *Stravinsky and The Rite of Spring* (1987) and *Music, Politics, and the Academy* (1995). *Stravinsky and The Rite of Spring* won the Deems Taylor Award (1989) and the Outstanding Publication Award of the Society for Music Theory (1990). John McGinness is an Associate Professor of Music Theory at the Crane School of Music, State University of New York, Potsdam. His essays and articles on topics including the music of Debussy, Stravinsky and Ives have appeared in *Musical Quarterly*, *Music Theory Spectrum* and *Cahiers Debussy*, among other publications. As a pianist specializing in contemporary music, he has premiered over twenty-five new works and has recorded for CRS and Radio Nederland.
