IMPORTANT SCORES OF IMPORTANT COMPOSITIONBy Stephen JablonskyThis is one of the most important musical compositions of the first half of the 20th century and this publication gives you both the original and revised versions so you can compare Stravinsky's thinking a quarter

century apart. It is well worth the price.

(Boosey Hawkes Scores/Books). Contains both the corrected and revised edition of 1920 (first publication) and the revised edition of 1947.
