Good but...By C. PorsAwesome book for its price. Got it for about \$4 new! Good for fans who want to collect this sort of stuff. In regards for content; possibly outdated and does not include the dlc characters in regards to the many many patches it gone through. Worth a buy for fighting gameCollectors to add to their library.0 of 0 people found the following review helpful. In depth information

to bring your playing to the next level. By B. Cantrell This book helps explain the science of the game in a way you've likely never fully understood which made me immediately change my playing style. Also, the character guides help you to get the most out of your favorite characters. Timing and hit boxes and why some moves take precedence over others are explained in clear detail. Get this book and study and whip your friend's tail the next time he challenges you!
