You probably thought I as I once did that "I could never do that; I cannot dance, and I will probably look so stupid even trying it". Well, rest assured ladies it's not that bad. It's very easy to learn. All you need is a little time, patience, and the enthusiasm to strip.The book itself is VERY educational. It gives step-by-step instructions on how to do the very basic moves for the routines. The cards are helpful. They give examples of roles to play, clothes to wear, music to play, and moves to do. Some of the dances are redundant, but that is because once you know the basic moves, you use your creativity, spontaneity, and enthusiasm to strip.The kit also provides you with pasties, a scarf, and body glitter.I definitely recommend this to anyone who wants to strip, and even to the guys who are looking for their girls to strip for them.0 of 0 people found the following review helpful. Please your man, gain self-confidenceBy K. A. CollinsThis kit is a good way to get started in the art of striptease. The book is succinct and gets right to the point of erotic techniques to dance. It offers great suggestions on different styles to match your personality or mood for music, dress, and moves.The routine cards themselves are not enough to fill an entire song but with practice I've learned to improvise. It is fun to prepare for my performance for my man and he could not be more appreciative!I recommend this product for anyone interested in this sort of entertainment. The price on this kit is better than ones I've seen on other sites.0 of 1 people found the following review helpful. good! strippingBy Connie JThis book is a must have to anyone who wants to add a little spice to their relationship because it won't happening on it own! Easy reading with a straight forward approach!! Simple technique that a novice can appreciate!

Hey ladies! Take it off...take it all off! You don't need a brass pole in your living room, you don't need to be a professional dancer, and you certainly don't need a perfect body. All you need are a few key moves, a couple of props, and a little practice. This saucy little kit holds all the accoutrements and information you'll need to pull off a

tantalizing 'tease. You'll be vamping it up in no time at all. Va va voom!Includes:- 48-page illustrated guide- 2 red sequined pasties with adhesive- Sheer black scarf- Body glitter- 10 fold-out cards with fully illustrated routines
