**Dr Gareth Moore : Sudoku 16x16 Volume 2: Sudoku Xtra Specials** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Sudoku 16x16 Volume 2: Sudoku Xtra Specials:

0 of 0 people found the following review helpful. Great puzzle book By Sue When you have mastered the regular Sudoku puzzles, it is fun and challenging to move on to the larger sized puzzles. This book is the perfect answer to that. 2 of 2 people found the following review helpful. Monster Sudoku By Elizabeth F. This is the best sudoku book I have ever had and I have been an addict for several years. The complexity and different levels in one book make it a must for me. I am on my 7th book and work some puzzles almost every night. 1 of 1 people found the following review helpful. Keeps me busy but By L. D. The puzzles all seem to be about the same level and follow a similar pattern so far. I wish they were rated for difficulty.

Just as with volume 1, if you're a fan of big Sudoku puzzles then this is the book for you! Printed in large format this book is packed with 50 giant 16x16 Sudoku puzzles, each attractively presented in a range of symmetric patterns. Each

puzzle is guaranteed human-solvable - you can complete every Sudoku in the book just by scanning rows, columns and boxes, without having to make any pencil mark notes. Visit [www.SudokuXtra.com](http://www.SudokuXtra.com) for more details.

About the Author Dr Gareth Moore is the author of a wide range of brain-training and puzzle books for both children and adults, including *The Rough Guide Book of Brain Training*, *Keep Your Brain Fit: 101 Ways to Tone your Mind*, and *The Mammoth Book of Brain Workouts*. He also writes the monthly magazine *Sudoku Xtra* and runs the puzzle website [www.puzzlemix.com](http://www.puzzlemix.com).
