This is a bound set of 200 pages of 2 blank Sudoku grids on each. See the back cover view or interior page views for illustrations. This workbook accompanies the text, *Sudoku: How to Solve Puzzles* by Daniel Simms, and the use of the worksheets is described in detail in the text. Pricing is set to provide an inexpensive alternative to the copy shop, at 6 cents a page or 3 cents a grid. In the back of the book are templates that may be copied onto transparencies, to overlay Sudoku puzzles on the worksheets, and assist with puzzle solving.
