This Sudoku book contains puzzles of all levels of difficulty - so there is something for everyone. This is volume 2 with all new puzzles. No fancy solving techniques are required. The puzzles are neither too easy nor too hard, so you wont get bored but wont get stuck either. Rest assured, all puzzles can be solved without guessing and have one solution only. Remember: do not guess! The book is small in size but the numbers are printed in large font, easy to read. Visit www.djape.net for more sudoku, sudoku variants and other kinds of puzzles.
