Thank you.1 of 1 people found the following review helpful. A good Suduko primerBy RudyKI bought this book because I was at a stage in my sudoku-solving career where I needed help

solving the more advanced (harder) puzzles. The book is well-written and somewhat easy to follow. Mr. Snyder provides some very good tips on how to solve the harder puzzles. I would recommend it to anyone who takes the game seriously and wants to be able to solve the higher level puzzles. 1 of 1 people found the following review helpful.
bonnieBy Yvonne Marlier This was a gift and the person is very pleased. He finds this author really helpful in understanding the strategy of Suduko. He already had Formula 1 and found it too easy.

Unlike the masses of puzzles-only books, or the books that only briefly show how to solve Sudoku, this is the first in-depth look for the average puzzle-player that shows them how to unlock the basic everyday puzzles and provide greater enjoyment and results.
