the puzzle page to the answer page. Furthermore, the cover of the book is misleading. This is not a large format book. There are four puzzles per page, so each puzzle is relatively small. To make matters worse, the given numbers are printed in a small font. As you work on the puzzle, it is hard to distinguish the given numbers from what the person doing the puzzle has penciled in. 1 of 1 people found the following review helpful. sudoku By Customer it would have been good and even necessary to add in the advertisement that the puzzles have to be printed in order to be accessed to be solved. As it is it sounds like it can be played on the kindle device. 0 of 0 people found the following review helpful. If you are looking for a way to play sudoku ... By Mike If you are looking for a way to play sudoku on your Kindle, this isn't it. There are indeed puzzles - but with no apparent way to play them. Frustrating.
