Poindexters Playful Puzzles : Sudoku Hard To Extreme For Expert Players Vol 1 before purchasing it in order to gage whether or not it would be worth my time, and all praised Sudoku Hard To Extreme For Expert Players Vol 1:

3 of 3 people found the following review helpful. Not ImpressedBy LoverI found these puzzles too easy. They are printed two to a page. Hard to read as the grid is rectangular in shape. The grid is a solid black with no enhancement of the nine boxes.1 of 1 people found the following review helpful. Strictly for entry level beginners.By Nino DeprophetisIt says "Hard to Extreme" when it should say "Beginner to easy" I am looking for a beginner or neophyte to give it to. Good only for those learning basics of Sudoku. Also the format is weird: not in a square, and numbers

need to be bolder. Very annoying. 0 of 0 people found the following review helpful. Not as described. By Michele
The cover says "hard to extreme" but all puzzles in book are labeled "hard" -- none are extreme. And the ones labeled hard, aren't hard. Maybe you could say moderate, but not hard. If the title of the book were Moderate Sudoku puzzles, I'd have given it 4 stars. So if you're looking for moderately challenging puzzles beyond beginner but not hard, this is the book for you.

Do you know the secret to being happy? Sudoku! When you play extremely difficult puzzles, you will go through a whirlwind of emotions. You'll be pressured and frustrated at first but the moment you find the right patterns, you will be ecstatic! You will feel a sense of accomplishment and you will take pride in the fact that you completed the game. Happy playing!
