**David Cheek, The Puzzle Society : Sudoku Helper Mastermind Puzzles** before purchasing it in order to gage whether or not it would be worth my time, and all praised Sudoku Helper Mastermind Puzzles:

6 of 6 people found the following review helpful. Great for the experienced solver - or beginner, too!!!!By Janet E.This book has several great features:\* all the puzzles are above intermediate level\* the perforated-pages can be torn

out to take along with you\* the little grid numbers help you keep track of your thought processes I often am interrupted while doing a puzzle. Then when I have time to get back to it, I have forgotten some of my reasonings. I found myself making notations in the squares with other books, which makes the puzzle a mess! This book makes it easy to keep track as you eliminate possibilities for each square. Because you can blot out numbers as you eliminate them, getting back into the puzzle is a snap. You will become addicted to this method, I predict. I left my book at a hotel last night, so I am buying 2 more. I love this format and don't want to be without pages again! I hope more volumes are published.

IF you don't know where to start; IF you get lost in the middle of Sudoku puzzles, especially the difficult ones; IF you want to solve hard puzzles faster; THEN Sudoku Helper is the perfect tool! No more forgetting what you knew on the other side of the puzzle. It's quick, it's easy, and it really works! The book includes 160 perforated sheets, enough to get any level player over the hump and solving Sudoku like a genius. Sudoku Helper Mastermind Puzzles contains 200 difficult Sudoku puzzles from The Puzzle Society, placed inside of the Sudoku Helper grid. Any Sudoku puzzler will immediately recognize the pure simple genius of the Helper or the most difficult of Sudoku puzzles.
