I love knowing that each day a new Sudoku is waiting for me!!! I also buy an extra one for my Mom each year for a Christmas gift. It's the gift that keeps on giving all year long!! 0 of 0 people found the following review helpful. Great Idea! By Anon This Sudoku Notepad is very

good. I bought one a couple of years ago. I liked the layout of it better: date on top, puzzle a little larger. I appreciate the daily quotes on this one. It also serves as a diary. 1 of 1 people found the following review helpful. Great stocking stuffer. By I'm a fan! We get these every year for stockings. Good texture, good size, medium difficulty puzzles.

This is the calendar that marries organizational prowess with daily indulgence for Sudoku lovers. Each daily grid is hand-designed by a master who is able to anticipate every move and create a truly compelling experience that computer-generated puzzles cannot match. Puzzles begin easy each weekend and become more difficult over the course of the week. From Nikoli, the Japanese company that launched modern Sudoku; its challenging and pure fun.
