I listen every week and see him every chance I get. There is absolutely no one better at storytelling than him and if you have ever heard him perform in a city you love - his descriptions of his visit there and what he has seen are astute and wonderful and poetic. It is a shame that could not have been included on this CD, but then there were so many cities that this tour went to. What this two CD album has are the highlights of what was performed in every city; songs such as; 'Under the Stars', 'Frankie and Johnny', 'Unchained Melody'. Commercials for Powder Milk Biscuits and Beebopareebop Rhubarb Pie are included as well as Guy Noir and The News from Lake Wobegone. It doesn't match a live performance, but what does?. The biggest disappointment was the sound quality, it's a bit murky, probably because it was recorded from the stage and the volume is not always constant. But fans of Garrison Keillor and Prairie Home Companion will still enjoy this 2 disc set. 0 of 0 people found the following review helpful. In the summer of 2010, Garrison Keillor, Nickel Creek's Sara Watkins, the Guys All-Star Shoe Band, and sound-effects artist Fred Newman went on a whirlwind tour of 25 cities in less than two months. The theme was everlasting love; the shows were jam-packed with tender duets and ballads, poetry, and stories of passion and marriage, all done Prairie Home Companion-style. Now the best performances from that tour are available on this Summer Love collection. Never broadcast and therefore available for the first time on this collection, selections include favorite Prairie Home Companion elements: Guy Noir, show sponsor commercials, and the News from Lake Wobegon.

**REVIEWS FROM THE TOUR:** A refreshing program that will remind you that life is always meaningful. SMU Daily Campus
